Amended February Monthly Report (1/1/7 - 1/31/7) received 5/18/7

Dear Ms. Fleming:

We are in receipt of your letter dated June 27, 2007 regarding the aforementioned report.

The receipts in question are reflective of an originally reported transfer of \$15,000 from the nonfederal account to the federal account. In review, this was reported in error, this was a transfer strictly between our federal accounts, and nonfederal monies were not transferred. Additionally, our original report reflected itemized contributions that were unnecessarily itemized, per the regulations the reportable threshold is an excess of \$200. Therefore, these previously itemized receipts are now categorized in the unitemized column. The two itemized contributions originally listed on Schedule A Line 11(c), these were also individuals that have now been correctly relocated to the Line 11a (ii). The \$140 increase from the original report filed and the subsequent amendment in the unitemized total is due to a data entry error that was discovered and corrected.

In review of our previously reported disbursements, some of the disbursements originally reported on Schedule B - IRS and the Oregon Dept of Revenue, per our bank reconciliations, these checks did not clear our account and therefore were voided. This updated amendment removes those from this report. Additionally, we have added a bank fee of \$3.50, reflected on Schedule B as well. We have audited our reported disbursements for 2007, thus the respective uncleared and voided checks have been removed and subsequent amendments have been filed to reflect such changes.

Please be advised that we will be amending all subsequent reports affected by these changes.

At this time our committee believes to be in compliance.

Sincerely,

Oregon Republican Party
